ENJOY THE COMFORT OF A

Residential Heating and AC Maintenance Program

DG Service Company is pleased to offer a **Residential Flat-Rate Maintenance Service** for the Fall and Spring, to keep your heating and air conditioning systems running efficiently on both the hottest and coldest days of the year. Regular system maintenance will also provide peace-of-mind and prolong equipment life—making it a great value.

Benefits of Seasonal Maintenance

- Smooth and efficient equipment operation
- Preferred customer status with 24/7 emergency service
- Lower energy and repair costs
- Improved indoor air quality and conditioning
- Maximized equipment life
- Equipment inventory and history kept on file.

Comprehensive Tune-Ups Include:

- Thoroughly inspect HVAC system for damage/malfunction
- Inspect heat exchanger for cracks/carbon monoxide leaks
- Clean & clear drains and drain traps
- Replace filters and belts
- Check refrigerant gas
- Perform combustion and efficiency analysis
- Provide comprehensive maintenance reports.

* Flat rate excludes specialty filters, repairs, anything not listed above.
